

Karla MACIAS

Dermatólogist in Guadalajara, México.

I am director in Dermatologico country and in my practice my special áreas are immunological diseases like psoriasis, atopic dermatitis, alopecia areata among others.

I love cosmétic procedures too, láser technology, fillers, aging skin therapies and everything that can make us feel more comfortable and secure with ourselves.

My clinic is part of a regnized hospital called Hospital Country 2000 in town.

I am very excited about this event in our city and pleased to support for further activities
